# LAKE MUNGO WOMENS IMMERSION

*Itineraries are subject to change. We provide a final itinerary a week before your immersion which considers factors such as weather, Homeland availability and road accesses which may have changed right before your travel. After receiving a final itinerary please know that changes during immersion can be common due to similar factors.*

## Culpra Milli & Lake Mungo National Park Program Overview

Dear Women, you are invited to spend five, special days on the Traditional Lands of the Barkandji and Mutthi Mutthi People.

Spend two days at the Culpra Milli Outstation and be welcomed by the Pearce Family, the Traditional custodians of this Land. Listen to truth-telling and dreaming stories that have been passed down through many generations. Share meals and time around the fire connecting over this unique experience, yarning into the evening. Try your hand at weaving, an ancient technique that still exists to this day. Walk on Country down the Milli (Murray River), discovering more about the rich history of this Land.

Visit the breathtaking Lake Mungo National Park on a Discovery Ranger Guided Walk, where you will be shown evidence of ancient life and Australia's oldest living civilisation. Learn about the women who continue to honour, protect and preserve this Land. Take in the beauty as the sun rises over this striking Country. Gather around the fire and listen to talks on Aboriginal lore and Women's Business. Pause and reflect on the experiences you've shared as the songs of the cockatoos sound out your final evening.

We hope you can join us on this opportunity to connect with the land, yourself and the women around you

We acknowledge the Traditional Owners of the Barkandji, Paakantji, Mutthi Mutthi and Ngiyampaa Countries on which we will be meeting, and pay our respects to Elders past, present and emerging.

*Please note that this is an initial itinerary and may change due to the customary obligations and availability of our Indigenous partners.*

# FAQ

## **How do Elders and Traditional Owners feel about people coming onto their land? Will we be intruding?**

We are an organisation driven by our Indigenous partners in the homelands of remote Australia. Our mission is to give Indigenous people the help they need if they wish to open the hearts and minds of visitors to their country, culture, and way of life. We only make our resources available if we're asked to help. Traditional Owners are the ones who decide if and when people should come onto their land, not us.

## **What is the pre-departure program like?**

Red Earth takes its responsibility to ensure that each person attending an immersion is culturally and practically prepared very seriously. We have designed an online portal for this professional development trip tailored for your specific itinerary. You will be able to read up on the history of the area and the specific communities you will visit, read profiles of the Elders and Traditional Owners who will be hosting you, and look up useful information like packing lists and weather charts.

## **What amenities are available? Will there be showers and bathrooms?**

We will have access to showers or river swims and flushing or drop toilets every day. It won't be like your bathroom at home, but will be enough to make the experience comfortable.

## **What food will be available?**

While there will be opportunities for you to forage for bush foods, we bring all the catering equipment and meals with us. We will have fresh fruit and vegetables and healthy meals throughout the trip. We cater for every kind of dietary requirement and encourage participants to lend a hand in the kitchen. You can bring some food of your own too, but please note this is a 100% nut-free immersion.
